

## SIMPLIFIED DECLARATION

With the aim of making it easier to fulfill the obligations involved in being a member of the SIG for the maximum number of companies, Ecoembes offer a simple kind of declaration to companies that simultaneously meet following conditions:

1. That the total weight of packaging to be declared not does exceed **8 metric tonnes**.

Therefore a company that wishes to voluntarily declare the commercial and industrial packaging permitted by Ecoembes can include it in this declaration providing that the total amount of all the packaging declared does not exceed 8 tonnes.

2. **It does not present Business Prevention Plans** through Ecoembes in accordance with article 3 of the Regulations that enact the Law of Packaging and Packaging Waste.

## HOW DOES THE SIMPLIFIED DECLARATION AFFECT COMPANIES?

The companies in the process of becoming members that have not presented the Declarations must submit a packaging declaration for each of the last four years and the current one, unless the company shows that it has not got any commercial activity. For example:

- Form 2008 (2007 data) that they must submit at the time when the company becomes a member.
- Form 2009 (2008 data) that they must submit at the time when the company becomes a member.
- Form 2010 (2009 data) that they must submit at the time when the company becomes a member.
- Form 2011 (2010 data) that they must submit at the time when the company becomes a member.
- Form 2012 (2011 data) before 28 February 2012.

The amounts invoiced up until now through the Ordinary Declaration will not be regularised, neither up nor down. That is to say, the amount in the Provisional Declaration will be considered as definitive. The same will occur in the declarations for the next few years, except when the 8 tonne limit is exceeded.

## **WHEN WILL THE SIMPLIFIED DECLARATION BE INVOICED?**

The annual contribution will be invoiced in March each year, with payment due before 30 June; except in the case of new membership, in which case the company will be invoiced at the time when its membership is formalized, with payment due within one month of this date.

## **SIMPLIFIED DECLARATION BY INTERNET**

You can Access said application via the link: <https://portal.ecoembes.com> or from the “Registered users” section on the Ecoembes Web site ([www.ecoembes.com](http://www.ecoembes.com)), using the access codes assigned to the signatory. It will not be necessary the use of the coordinates card.
